

## Town of Wells, Maine

---

Greetings Residents:

The Town of Wells is embarking on the development of a new Comprehensive Plan for the community; the last plan was completed in 2005. The Community is seeking citizen input on the plan by asking citizens to take part in a survey questionnaire to help determine the Town's direction.

Public input opportunities will also be available through a paper survey and by visiting the town's website for the online survey link at:

<https://www.surveymonkey.com/r/WellsCompPlan> or by visiting the Town website at [www.wellstown.org](http://www.wellstown.org).

If you do not have access to a computer, computer access is available at the Wells Public Library. You may also contact the Town of Wells Code Enforcement Office and we will be happy to mail you a paper copy at request by calling 207-646-5187. Paper copies will also be available at the Code Enforcement Office located at 208 Sanford Road and the Wells Public Library located at 1434 Post Road. After you have completed the survey you may return it to the Town of Wells Code Enforcement Office. If you have any further questions, please contact Jonathan Carter, Town Manager @ Wells Town Hall 207-646-5113

The Town will also be taking a unique approach to further gather information and will be asking the Wells School District to take part in the survey to get a perspective from the next generation of residents. The Wells Ogunquit Consolidated School District will be sending out further information to students and parents in the near future.
