Thanks for sharing the plan, much appreciated.

One quick feedback; It would be nice if the Town of Wells started making improvements/implanting the Wells Harbor Marsh Walk project.

I have been hearing about it for years now and am aware federal funding was received.

Wells Harbor is an excellent Town resource which is not being used to its full potential and

Sidewalks/biking lanes need to be installed for pedestrian safety.

The road and pedestrian walkway is in rough shape and dangerous. Also the marsh lookouts would be a great added feature.

Just my quick feedback and the future looks great.

Appreciate your hard work and dedication.
